LIGHT-BODIED RED WINES

For these wines with fewer tannins and more subtle flavor, a large bowl and wide mouth allow the wine to breathe, enhancing delicate flavors.
Pair with Beaujolais, Pinot Noir, Sangiovese, Cabernet Franc

FULL- AND MEDIUM-BODIED RED WINES

These have the highest tannins resulting in complex flavors.
A tall bowl directs the wine to the back of the palate for a richer tasting experience.
Pair with Bordeaux, Cabernet Sauvignon, Merlot, Malbec, Shiraz, Syrah

LIGHT- AND MEDIUM-BODIED WHITE WINES

Perfect for lighter, more delicate white wines with less alcohol.
A smaller bowl concentrates subtle aromas and directs the wine to the tip of the tongue for better appreciation of sweeter flavors.
Pair with Riesling, Moscato, Pinot Grigio, Pinot Gris, Petit Chablis

FULL-BODIED WHITE WINES

For heavier wines with a fuller body, a wide bowl enhances complex aromas while directing the wine to the back of the tongue, heightening flavor intensity.
Pair with Chardonnay, Sauvignon Blanc, Gewürtztraminer, White Zinfandel

CHAMPAGNE AND SPARKLING WINES

A tall, narrow glass maintains flavor concentration and displays effervescence, enhancing presentation.
Pair with Champagne, Prosecco, Lambrusco

DESSERT WINES

A smaller glass enables proper portioning of these higher alcohol wines. A rounded bowl directs the wine to the back of the mouth, perfecting the sweetness.
Pair with ice wine, Sauternes, Moscato

SPIRITS SERVED NEAT

A rounded design with heavy base is perfect for swirling “neat” drinks – unmixed spirits served at room temperature – to open up the flavors. The glass narrows at the top to concentrate and enhance the complex aromas.

SPIRITS SERVED ON THE ROCKS

The heavy weight and wide top are perfect for serving the finest spirits on the rocks, the large capacity allowing ample room for ice.

BRANDY/COGNAC

A wide bowl creates surface area to help evaporate the liquor and enhance flavor. The narrow top concentrates aromas, and the rounded bottom is ideal for cupping with your hand to warm the brandy.

MARTINI

A very wide bowl allows for maximum aromatics (especially the juniper and botanicals in a gin martini). The glass can be held by the stem to prevent warming, and the cone shape keeps ingredients from separating.

MARGARITA

A Mexican cocktail made from tequila, orange liqueur and lime juice, margaritas are often rimmed with salt. The stem helps prevent warming the drink, and the very wide top enables an optimal salt-to-drink ratio.

LIQUEUR STANDARD

The small capacity (1-3 oz.) and conical shape is made for serving small amounts of sweet distilled spirits flavored with fruit, herbs, flowers, nuts or spices.

HIGHBALL OR COLLINS

This family of cocktails is made with a base spirit and a non-alcoholic carbonated mixer served with ice, requiring a tall glass for proper proportioning of ingredients.

SPECIALTY GLASSWARE

Whether it’s a signature mojito, frozen cocktail or premium Long Island Iced Tea, specialty glassware is designed to create a powerful presentation of the finest signature cocktails.

PILSNERS

Perfect for serving classic pilsners and other pale lagers, Pilsner glasses showcase a beer's color, clarity and carbonation. The conical shape helps maintain the beer's head, while the narrow design allows the aromas to reach your nose.

GIANT BEERS

Libbey's Giant Beer glasses have a tall stature, providing an exceptionally pleasing presentation for wheat ales and pale lagers. Designed for draft beer service, these glasses feature a rounded top that holds a generous head of foam.

PUB GLASSES

Pub glasses offer the perfect presentation of classic ales, such as IPA, pale ale, brown ale or stout. Featuring a wide mouth to support the frothy head, Pub glasses offer a traditional yet brilliant beer presentation.

TULIP STEMS

Ideal for presenting lambic and saison, the tulip shape also is very well-suited for specialty fruit beers.

STEMWARE

These upscale yet robust glasses elevate your presentation of ales and lagers.

BELGIAN

The rounded bowl of Libbey's Grand Service and Belgian Beer glasses allows for subtle warming of the beer via heat transfer from the hand, while the inward-tapering top captures aromas, enhancing the tasting experience.

STEINS AND MUGS

Very large and durable, mugs are ideal for proper serving of Oktoberfest and other dark German lagers.

WINCHESTER

Die WINCHESTER Gläser überzeugen mit ihren strukturierten Ornamenten in der unteren Glas­hälfte und einem schlichten Glas­rand. Die eckigen Stiele bei den Stielgläsern wirken gleichzeitig elegant.

The WINCHESTER glasses impress with their textured ornaments in the lower half of the glass and a simple glass rim. The angular stems of the stemware also create an elegant look.

Los vasos WINCHESTER impresionan por sus adornos texturizados en la mitad inferior del vaso y una sencilla boca de cristal. Los tallos angulosos del vaso también crean un aspecto elegante.

Les verres WINCHESTER séduisent par leurs ornements texturés dans la moitié inférieure du verre et leur buvant simple. Les jambes carrées des verres sont également très élégantes.
